President's Office

Dear Friend of Jefferson State:

As a friend of the College, you know that Jefferson State has been a leader in providing academic excellence, workforce training and otherwise meeting the needs of those we serve. To maintain its vital role in the community, Jefferson State is embarking on a bold, new initiative, Partners for Progress.

Partners for Progress was developed over several months through the combined efforts of local business and community leaders, members of the College faculty and administration, and the Jefferson State Community College Foundation. It encompasses our vision for the next five years and will guide our efforts as we strive to provide even greater support to Birmingham area business and industry. In the pages that follow, you will learn about the Partners for Progress initiative and how it will help Jefferson State expand and improve the College's programs and services.

Of course, the College and Foundation cannot implement this initiative alone. To be successful, Jefferson State needs the energy and support from everyone that we serve. Knowing that you share my concern for the future of our community, I ask that you join us in our efforts as we enhance the quality of life for the place we call home.

With hope and excitement for the future,

A handwritten signature in dark ink, appearing to read "Judy Merritt", is written in a cursive style.

Judy Merritt  
President
